(PDF) Communication Skills in Pharmacy Practice | Hiwa K ...

? Developing good listening skills is important to promote a good interactive communication and to obtain information. ? It is important that the listener maintains undivided attention and is not distracted by external or internal matters. ? Non-verbal cues such as keeping eye contact can indicate attention, as can nodding, or asking questions. ? If the speaker moves off the topic then it is appropriate to politely interrupt and reintroduce the topic from the point of deviation. 10
